EXAMINER'S COMMENT AND STATEMENT OF REASONS FOR ALLOWANCE

Comment on Submissions

1. This action is responsive to the submissions, including the IDS filed 27 October 2006.

Allowable Subject Matter

2. Claims 1-27 are allowed.
3. The following is an examiner's statement of reasons for allowance: Regarding original independent claims 1, 6, 11, 16, 21, 22, 23 and 24 and new independent claim 25, the claims are considered allowable for reasons of record in parent application 09/737,819. In particular, the prior art (Persyk *et al.* for example) does not disclose or fairly suggest a scintillator panel or radiation image sensor, or methods of making a scintillator panel or image sensor with the specifically arranged radiation-transparent substrate, flat resin film and reflecting film. The examiner further notes that, as best understood from the English language abstract, JP 08-271637 also does not disclose or fairly suggest a scintillator panel or radiation image sensor, or methods of making a scintillator panel or image sensor with the specifically arranged radiation-transparent substrate, flat resin film and reflecting film.

The remaining claims are allowed on the basis of their dependency.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
